### **PRAYER**

Dear friends,

We join today in mourning over the void caused by our good friend, Dr. Ghada Hijjawi-Qaddumi. She left us suddenly, she loved us dearly and we know that. Let's find comfort in this, my condolences.

Most sincere condolences to you, loved ones and family. I believe her guardian angel will watch over us too, may her soul rest in perfect peace.

We can't explain how much we'd really miss her. She was a great inspiration to the whole world through her inspiring leadership at World Craft Council. We know she had given us a role model of a strong woman who were full of faith, courage and strength. We wish her farewell in her journey to eternity. She'd never be forgotten for us, her spirit remains in our hearts.

I pray that God will comfort her herself, watch and guide over her at our deepest condolences.

May her soul rest in peace and may God grant her family the strength to endure this great pain. We will always remember her kindness.

Let me also express my sincerest sympathy to all of us.

We know how difficult this time must be. Please do not hesitate to reach out to us, our shared condolences.

A good soul has passed on, a good lady has gone up to heaven. With a heavy heart, we part our beloved sister.

We are sober, we are really sad about her sudden departure, May the Creator accept our prayers on his behalf. Amen.
